

Programs, Education and Scholarships Sponsorship

School Programs, Outreach, Early Childhood Initiatives, STEAM-based Museum Programs, Special Education Programming and Initiatives

Amazement Square is committed to creating an engaged community and fostering a love for lifelong learning. Amazement Square works to strengthen our community by inspiring students to seek knowledge. Our Education Programs support local schools with SOL-enhancing hands-on lessons, both at the museum and through our outreach program, which brings programs to classrooms. Your support enables us to improve the quality of learning in our region, champion emotional and physical health, and facilitate interactive STEM experiences, providing learning experiences of the highest quality and ensuring these opportunities for all abilities and backgrounds.

CORPORATE SPONSORSHIP LEVELS & BENEFITS

\$2,500 Programs Sponsor

- Corporate Sponsors help fund a classroom of 25 kids or less to come to the museum for exploration and one school program of the school's choosing (\$300 value)

 - Logo on webpage promoting programs
 - Recognition on promotional materials for programs
 - Recognition in annual report and donor wall.

A² Everyone is Special Program

The *Everyone is Special* (EIS) program is an extension of Amazement Square's educational priorities to cultivate an engaged community of lifelong learners and ensure hands-on experiential learning is accessible to all abilities. Through this program Amazement Square is able to provide unique museum exploration experiences to children who have been diagnosed with Autism Spectrum Disorder, their siblings, and parents. Additionally, this program funds STEAM based experiential learning programs that Amazement Square brings into the public school system for their adaptive learning classrooms.

Everyone
is Special

Amazing Children

Amazement Square has been working in partnership with early learning centers for at-risk children throughout the Lynchburg area for over 10 years to address an important community need for high quality learning. The program, Amazing Children, works with centers providing classroom structure and a social-emotional curriculum to students; supporting emerging teachers through modeling, mentoring, and professional development; and incorporating center directors to develop awareness of best practices in the field and reduce staff turnover. Amazement Square currently serves 6 different centers throughout the school year as well as summer based programs and plans to expand the program to reach several more early learning centers.
